DEVYSSON CARDOSO
FRONTEND DEVELOPER

I've worked as a web designer and graphic designer, improving my skills in creating beautiful and intuitive interfaces. Computer Engineering course and in the last year I have been working as a freelancer. My expertise includes **Angular, HTML, CSS, JavaScript and NodeJs**.

EXPERIENCE

Freelancer
FRONTEND DEVELOPER
August 2022 - Present

Project: **Pomodoro Timer([Project link](#))**
- In this project, I learned how to use web workers in the browser to make the application work even when it is in another tab.
- Also learned how to use modal with javascript, to provide the user with information about what the pomodoro is and the option to customize the timer

Project: **Weather application with openweatherAPI ([Project link](#))**
- Learned how to make GET and POST requests to an API.
- Gained experience in manipulating the data returned by the API.

Project: **Soccer quiz with API ([Project link](#))**
- In this project, I learned how to build an [API](#) from scratch in Nodejs
- Also learned how to install and manage packages with npm
